Dear Parents and Guardians,

I would like to welcome you to the Yukon Flats School District. I look forward to working with you as partners in the education of our children, and encourage your active support and involvement in their daily school activities. Parent involvement has been proven to be the number one factor in student success in school.

Please do not hesitate to visit our classrooms or call your students' teacher(s) or the school principal. As required by state statute, please follow your school's procedures for visitors by signing in and letting the staff know you are visiting the school. I encourage you to communicate with your Local School Advisory Committee (LSAC) concerning your child's education and invite you to participate in the Regional School Board meetings in person or by way of teleconference. Volunteers are most welcome in the classroom and at school activities. I know our region has many talented people who could use their talents and areas of expertise to supplement our local school programs. We are very interested in integrating the local culture and language into our students' daily educational experience. Please contact your local school for volunteer opportunities.

In order to keep all student records current, **please sign and return the forms included in the enrollment packet for each of your children in school** (even if they have attended a school in the Yukon Flats in the past) and return them to the local school on the first day of school. Please also take this information packet home for your use. You will find important information and forms that may be helpful to you throughout the year. **This is for your information and does not need to be returned to the school.**

The Student Handbook has information that you will use throughout the school year. Please read through it and review the information with your child/children. Feel free to contact us with any questions at (907) 662-2515 or toll free at 1-800-322-2515.

**Annual Notice to Parents**

Dear Parent/Guardian:

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive federal funds.

FERPA gives parents certain rights with respect to their child's education records. When a student reaches the age of 18 or attends a post-secondary school or college, the parent's rights transfer to the student and the student is then an "eligible student" under the law.

Under FERPA, parents and eligible students have the following rights:

- 1) To inspect and review the student's education records maintained by the school within 45 days of the school's receipt of a written request. The request school identify the record(s) being inspected. The school is not required to provide copies of records and may charge a fee if copies are requested. The following staff person may be contacted to seek access to your child's record:

Rita Dayton, District-wide Counselor  
907-662-2515    [rdayton@yukonflats.net](mailto:rdayton@yukonflats.net)

- 2) To request that a school correct records believed to be inaccurate or misleading. The request must be in writing and clearly specify: (a) the part of the record requesting to be changed, and (b) why it is inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student has the right to a hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement in the record about the contested information. The school is not required to consider requests for grade or disciplinary decisions, opinions of school officials in the education record, or the child's special education determination. The following staff person may be contacted to request an amendment to your child's record:

Rita Dayton, District-wide Counselor  
907-662-2516    [rdayton@yukonflats.net](mailto:rdayton@yukonflats.net)

- 3) To control the disclosure of their child's personally identifiable information from their educational record, parents may request that the school, with certain exceptions, obtain their written consent prior to the disclosure of student information. An exception which permits disclosure without consent is disclosure to school staff with legitimate educational interests, such as a person employed by the district; a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, or therapist); or a parent or student serving on an official committee, such as a grievance or disciplinary committee or assisting another school official; and/or an official or another school district in which as student seeks to enroll.
